

Agenda | Feb 27-28, 2019

Advanced course in revisional bariatric surgery & the management of complex cases

Welcome

The advanced course for bariatric surgery will focus revisional procedures and the management of complex cases, whilst showing best practice efficiency in the OR.

The bariatric team under the guidance of Dr. Bruno Dillemans lead a high volume center, which has become an international center of excellence over the years both in conventional primary bariatric procedures as revisional surgery.

The training program consists of a mix of live-surgery, giving an overview of the current surgical techniques, interactive lectures and Q&A sessions to share best practice and tips & tricks, enhancing your skills.

On behalf of the faculty and Ethicon, we wish you a very instructive course!

Yours sincerely,

Ute Kablitz
