

## Message from the President

Lilian Kow  
President of IFSO

Dear Friends and colleagues,

Few of us will ever forget how 2020 has changed our lives. 2020 has been an extraordinary year in which we have all experienced a torrent of unexpected challenges in all aspects of our personal and professional lives.

Despite all these challenges IFSO is approaching the end of 2020 on a remarkably strong and positive position.

IFSO's financial performance has continued to perform well. Despite the unprecedented world crisis, the overall return on the IFSO investment portfolio is positive. This growth is encouraging especially during a challenging global economic performance.

Our IFSO membership has also continued to increase just making to 10,000 members and 69 national societies. We warmly welcome 3 new National Societies to the family of IFSO: Pakistan Society of Metabolic and Bariatric Surgery (PSMBS) with their President Dr Mumtaz Maher, Association of Bariatric and Metabolic Surgeons of Uzbekistan (ABMSU) with their President Prof. Oktyabr Teshaev and the Thai Society for Metabolic & Bariatric Surgery (TSMBS) with their President Dr. Sutdhachit Linananda.

Our five chapters have also continued to progress despite all the challenges:

IFSO- MENAC cancelled their March 2020 meeting in Al Khobar, Saudi Arabia, but held a successful virtual meeting in October 2020. IFSO-APC cancelled their October 2020 meeting in Colombo, Sri Lanka, but held a virtual meeting in November 2020.

IFSO-EC cancelled their annual meeting in May 2020 in Prague, Czech Republic, but organised a virtual meeting in December 2020.

IFSO-LAC congress scheduled for April 2021 will be April 2022 in Costa Rica.

ASMBS annual meeting at Obesity Week November 2020 postponed to May 2021.

## Message from the President

Our inaugural virtual IFSO world congress was held 12-13 September 2020. Whilst we were not able to meet in person, my sincere thanks to all 2100 attendees from 30 countries over the 2 days of the virtual congress. We had 8 scientific sessions, 2 sponsored symposia, networking in the coffee lounge during the break between sessions and attending the 3D virtual exhibition area to meet our sponsors. Overall, it was a good substitute to the "real meeting". For those of you who missed the meeting, the recordings of the meeting can be obtained for a small fee on [www.ifsovirtualworldcongress.com/replay](http://www.ifsovirtualworldcongress.com/replay) on our IFSO website.

In October, we learned of the sad passing of our Honorary IFSO President Professor Nicola Scopinaro after a short illness at the age of 75. He was born on March 6, 1945 in Castgneto Carducci, Tuscany Italy. Professor Nicola Scopinaro was known by many as a great surgeon and innovator, a dedicated and hard worker, a teacher and mentor to several generations of surgeons, and as one of the fathers of modern bariatric surgery. An acknowledged leader and pioneer of Bariatric Surgery, he was best known as the originator of the Biliopancreatic Diversion (the 'Scopinaro procedure') for the treatment of morbid obesity and type 2 Diabetes. With his passing, IFSO has lost one of our founding fathers and our first President of IFSO. He will always be remembered as the surgeon who changed the course of bariatric surgery and his legacy will be for all present and future bariatric surgeons to remember him. On behalf of IFSO, I would like to extend our condolences to Professor Scopinaro's family, his friend Marina Brondo, friends and colleagues. IFSO will be hosting a tribute to the late Professor Scopinaro on Dec 17th 2020 and all are welcome to attend or get the replay if unable to attend from our IFSO website.

The coronavirus COVID-19 has affected 218 countries and territories around the world. To date, 74 million affected, and more than 1.6 million deaths and our way of living has indeed changed.

## Message from the President

Who would have thought how readily we have adopted wearing facial masks to help stop the spread of COVID-19. My heartfelt condolences to all members who have personally suffered losses during this pandemic. As a new hope, vaccines are being rolled out and over the course of 2021, we hope to see the impact of the vaccine stopping the spread of the virus and hopefully we can go back to some normality that we were accustomed to. On behalf of IFSO, I would like to reach out to all our member societies and individual members to take all possible measures to provide the safest possible environment for themselves and their loved ones whilst we wait for this pandemic to pass us by.

I would like to take the opportunity to thank all members of the IFSO committees and our Chief Operating Office, Manuela Mazzarella, for their hard work and continuing support despite the chaos and uncertainty in their personal lives during the pandemic.

I would like to thank the support of the IFSO Executive Board who have helped me through my first year as President and their confidence to allow me to extend my term to serve the IFSO community for a further year. It is indeed a privilege for me to be allowed to do so.

As the year 2020 comes to an end, I would like to wish all members Happy and Safe Holidays and a Joyful Christmas with families and friends for the festive season. May 2021 bring Hope, Joy, Happiness and Good Health and everything one can wish for all our members.

Please continue to take care of yourselves, your families, your colleagues and those around you. I look forward to the day when we can meet again.

Lilian Kow

1945-2020

IT IS WITH GREAT SORROW THAT WE ANNOUNCE THE DEPARTURE OF

## PROFESSOR NICOLA SCOPINARO

THE SURGEON WHO CHANGED THE COURSE OF BARIATRIC SURGERY

Born in Castagneto Carducci, Tuscany, Italy, on March 6, 1945.  
 Graduated at the University of Genoa Medical School on July 31, 1969.  
 Assistant Professor of Surgery at the University of Genoa Medical School since 1971. Associate Professor since 1983. Professor of Surgery since 1992.

Originator of the operation "Biliopancreatic Diversion" for the surgical treatment of obesity and metabolic surgery, unanimously recognized as the most effective in terms of weight loss results and type 2 diabetes resolution, as well as metabolic syndrome.

More than 3,500 bariatric and metabolic surgery operations performed.

More than 500 publications (total IF: >400).

More than 700 invited lectures at national and international meetings.

Founder and Honorary President of the Italian Society of Obesity Surgery (SICOB)

First President and Honorary President of the International Federation for the Surgery of Obesity (IFSO)

First President and Current Honorary President of the IFSO European Chapter

Former Co-Editor-in-Chief of Obesity Surgery, the Official Journal of the IFSO

Honorary Fellow of the American College of Surgeons (maximum 100 living people in the world).

First Honorary Member of the American Society for Bariatric Surgery (ASMBS)

Premier Membre d'Honneur de la Société Française et Francophone de Chirurgie de l'Obésité

First Honorary Member of the Japanese Society for the Treatment of Obesity

First Honorary Member of the Greek Society for Obesity Surgery

First Honorary Member of the Turkish Society for Obesity Surgery

Membro Honorario de la Sociedad Brasileira de Cirurgia da Obesidade

Socio de Honor de la Sociedad Española de Cirugía de la Obesidad

Honorary Member of the German Society for Obesity Surgery

Honorary Member of the Austrian Society for Obesity Surgery

Honorary Member of the South African Gastroenterology Society  
 Honorary Member of the Spanish Society for Obesity Surgery

Honorary Member of the Egyptian Society for Obesity Surgery

Recipient of the 2006 ASBS Foundation Outstanding Achievement Award

This is just a very short summary of his professional career and achievements, for which he will remain forever in the history of Bariatric and Metabolic Surgery.

Those who have met him, even just once, will always remember him for his personality, his intellectual generosity, his humbleness.

We wish we could report here all the thoughts and beautiful words you had for him today, but this obituary would be long as a book.

He left so many friends in any corner of the world, for the Great Human Being he was. He was a great Man, a true Professor and a Fighter. Despite the bad health conditions of the last years of his life, he never stopped travelling to attend IFSO meetings and few other meetings that he considered unmissable.

The love for surgery and for life was stronger than any obstacle that life itself confronted him with.

He has been an example of determination and passion, that we should all try to imitate.

We have all lost a legendary Giant, who refused to accept the word "impossible" and who has left a legacy of seminal achievements that have enriched all of us and thousands of patients and their families.

Even now you will be stronger than death Nicola, and will remain Alive in our hearts.

May You Rest in Peace and Give Us Strength from up above to overcome this terrible unprecedented period for all mankind.

May you, from Heaven, keep on taking pictures of us, hopefully in a better and safer world.

Lilian Kow, IFSO President  
& the Executive Board

Manuela Mazzarella

## IFSO European Chapter Report

**Gerhard Prager**  
President of the  
European Chapter

In the last few months another COVID-19 avalanche captured Europe, resulting in a second Lock-Down in almost all European countries. As a result, the planned congresses had/have to be hold virtually and bariatric/metabolic surgery was/is suspended in most European countries.

The traditional Frankfurt Meeting was for the first time virtually and so was the IFSO-EC Symposium on the 11th of December with an outstanding scientific program.

The message that our honorary president and founder of IFSO-EC/IFSO, Prof. Nicola Scopinaro, passed away, shattered the entire IFSO family.

Prof. Scopinaro's pioneer work is well recognized and the history and development of IFSO are inseparably linked with his name.

The virtual IFSO-EC Symposium on the 11th of December was in his memento as well as the „Tribute to Nicola Scopinaro“ on the 17th of December!

What will we see in 2021? Hopefully, Metabolic surgery will come back to normality soon and surgeons all over the world can make up for the postponed operations...

Looking forward to see you in 2021 at the physical IFSO-EC congress in Prague

Stay safe, stay healthy!

Gerhard Prager

IFSO-EC president

## IFSO Latin American Chapter Report

**Estuardo Behrens**  
President of Latin  
American Chapter

No big changes have occurred during this period, so all our activities have been through Zoom webinars. These were the activities of our Chapter in the last two and a half months, from September 2020 to November 2020.

1) Our General Council WhatsApp Chat, has no changes. All the members are in permanent and fluid communication.

2) In our Website (<http://www.ifsolac.net/>) the whole list of Presidents with their emails, as always, is up to date.

3) IFSO LAC has decided not to attend to the Brazilian Society of Bariatric and Metabolic Surgery clinical congress this year, that it is going to take place in Sao Paulo during the first week of December and in which we always have a "one day symposium", because almost all of our countries are still in a critical situation because the pandemic, and we judged not a wise decision to take long trips to assist to this meeting, for the safety of our members. We are looking forward to attend the 2021 Congress, as we hope that the COVID 19 is going to be controlled.

4) The continuous medical education, for the members of IFSO LAC is, for the time being thru webinars, and we decided that the second Thursday of every month we will have a surgical theme organized by one of the countries, and the fourth Thursday of every month, we will have a clinical theme organized by the allied health care professionals.

The Scientific ZOOM webinars organized by IFSO LAC were:

- a) Multiple leaks in RYGBP (October 8th)
- b) Challenges and opportunities of psychological interventions in bariatric and metabolic surgery (October 22nd)
- c) Surgical management of weight regain after sleeve gastrectomy and RYGBP (November 12th)
- d) What to do in patients with weight regain after gastric bypass from endoscopic, nutritional and physical points of view (programmed for November 26th)

## IFSO Latin American Chapter Report

5) IFSO LAC also participating in every scientific virtual activity organized by every country member. The Executive Board has been very active in this issue, always supporting and encouraging to all of our members.

6) The Executive Board is still working hard to have an online IFSO LAC magazine, published in Spanish. The name will be REVISTA LATINOAMERICANA DE CIRUGÍA BARIÁTRICA/METABÓLICA Y CIENCIAS AFINES.

7) We also organized an Accreditation Committee with Dr. Natan Zundel as the president. It is very important for us to have an instrument of accreditation that can be used in Latin American countries, as we have very similar working and living conditions. Brazil and México are very active in this committee and we hope to have good news very soon.

8) Finally, almost all of the IFSO LAC members attended the VIRTUAL WORLD IFSO CONGRESS on September 12-13, 2020. That was a great event.

Sergio Aparicio, MD FACS

# IFSO 2021

3-7 August, 2021 | Fontainebleau, Miami, Florida

**2021 Meeting Location** will be held in its entirety at the Fontainebleau Miami Beach from 3-7 August 2021. Situated on oceanfront Collins Avenue in the heart of Millionaire's Row, Fontainebleau Miami Beach is one of the most historically and architecturally significant hotels on Miami Beach, Florida. Its iconic design is a spectacular blend of Miami's glamorous golden era and stylish modern luxury. A revered Miami Beach landmark for more than half a century, Morris Lapidus' emblematic curvilinear building sets a new standard for business and pleasure. The 22-acre oceanfront Miami Beach hotel features signature restaurants by award-winning chefs; two chic nightlife venues; a two-story spa, a virtually endless poolscape, miles of pristine beach and state-of-the-art conference and event facilities.

## Networking Opportunities

**Opening Ceremony + Welcome Reception:** Wednesday, 4 August 2021. Opening Ceremony is from 5:30 - 6:30pm on Wednesday evening in the Main Plenary Hall and features welcome speech by the president of IFSO as well as the President of LAC. Welcome Reception follows in the Exhibit Hall from 6:30 - 8:00pm and is an exciting event for all meeting attendees, attracting the highest attendance of all of the evening receptions. Cash bar available and hors d'oeuvres provided. Will consider shared sponsorship. Opening reception is open to all attendees.

**Charity Tennis:** Thursday, 5 August 2021. IFSO LOVES our charity sponsors. Back hand, forehand or just giving your favorite attendee a hand, please join us at the Fontainebleau Tennis Courts for our charity tennis match/tournament.

**Networking Reception:** Friday, 6 August 2021 from 4:30 - 5:30pm. The final official event for IFSO 2021! Enjoy final memories of 2021 before adjourning until 2022. Cash bar available and hors d'oeuvres provided. Networking reception open to all attendees

**Farewell Dinner:** Friday, 6 August 2021 from 7:00pm - 10:00pm. Join fellow attendees for a fantastic dinner. Fontainebleau's premiere chefs have planned a world class dinner that will cap off a great week.

## Potential Exhibitor and Sponsor

Don't miss the chance to display your company's newest innovation or service; IFSO is expected to attract over 3000 bariatric surgeons and integrated health professionals in 2021. What better venue to showcase your company's products and services than a meeting attended by the key thought-leaders and decision-makers in the field of bariatrics? Do not miss the opportunity to be part of this important gathering of the bariatric and metabolic disorders community.

XXV IFSO World Congress

# IFSO 2021

3-7 August, 2021 | Fontainebleau, Miami, Florida

## Terms & Conditions

MeetingAdvice LLC, as the organizing agency, will not accept telephone reservations. Registrations must be completed using this Online Registration process. Once the registration process has been completed the participant will receive a reservation confirmation by email. If you do not receive the email please check your spam and junk folders. If email is not found, please contact the IFSO2021 registration team at ifso2021@meetingadvice.com.

Early registration fees must be paid prior to the deadline for early registration, otherwise your registration fee will be updated to the current fee.

Full payment is required prior to the start of the conference. A confirmation email will be sent after payment has been received. Please review your confirmation email carefully and take note of your registration number. This number will be required to make any changes to your registration.

All payments must be made in US Dollars and can be paid using the following methods: Credit Card Online: Registrant will be redirected to a secure banking page. Visa, Mastercard, and American Express are accepted. Any pending registration charges or fees must be made prior to entry into the conference.

Hotel reservations can be booked using the hotel booking link, however anyone without a conference registration may have their hotel registration canceled by the registration authority. Please book your conference registration prior to booking your hotel.

MeetingAdvice has blocked rooms for the dates of the Congress. Hotel requests for dates before or after the conference are subject to hotel availability.

All rates are per room per night and do not include local or state taxes.

We advise all participants to book their hotel reservations immediately after completing registration to guarantee accommodation availability.

MeetingAdvice LLC acts as organizing agency and is not responsible for loss, injury, or damage to any person or property.

XXV IFSO World Congress

# CALL FOR ABSTRACTS

You are invited to submit abstracts for original oral, poster, and video presentations on any of the congress' scientific topics. Please visit the [www.ifso2021.com](http://www.ifso2021.com) website to see submission rules and to submit an Abstract. **Submission Deadline: March 15, 2020**

## Abstract Topics

- Adjustable gastric banding
- Anaesthesia and bariatric surgery
- Banded procedures
- Bariatric surgery in children, adolescents, and young adults
- Bariatric surgery in the over 65's
- Bariatric surgery tourism
- Basic science and research in bariatric surgery
- Cardiovascular risk and bariatric surgery
- Emergent technology, New Non-standard, and bariatric surgery
- Endoscopic and Percutaneous Interventional Procedures
- Enhanced recovery in bariatric surgery
- Physical activity, sedentary behavior, and bariatric surgery
- Fertility, pregnancy, nutrition and bariatric surgery
- Gastric bypass procedures including Roux-en-Y gastric bypass (RYGB) and One Anastomosis gastric bypass (OAGB)/MGB
- Gastric Plication
- GERD and bariatric surgery
- Hernia surgery in the bariatric patient
- Integrated Health
- Investigational procedures
- Long term results (> 10 years)
- Hypo-absorptive procedures
- Management of weight regain after surgery
- Multidisciplinary care (Primary care, Medical Management)
- NASH and bariatric surgery
- Nutrition, eating behaviors before and after bariatric surgery
- Perioperative management
- Plastic surgery after weight loss
- Post-operative complications
- Behavioral health and bariatric surgery - pre and post-op challenges
- Registries and Quality in Bariatric Surgery
- Revisonal surgery
- Robotic bariatric surgery

- Sleeve gastrectomy
- Surgery and strategies for low BMI
- Type 2 diabetes and metabolic surgery
- Young IFSO session
- Surgical tourism
- Duodenal switch procedures, including Single-anastomosis DS
- Bariatric Surgery and cancer
- Impact of bariatric surgery on other surgical outcomes- transplant ortho and hernia
- Should we offer surgery to patients who smoke or drink excessive alcohol?
- A critical review of the need, or lack thereof, of preoperative weight loss
- Bariatric Surgery in Patients with Severe Heart failure, Pre-heart Transplant and those with LVADS
- Bariatric Surgery in the pediatric age group, how young should we go?
- The Training of Surgeons in Bariatric Surgery. Where are we in 2020?
- The recommendation and role of endoscopy before bariatric surgery
- Endoscopy and surveillance after bariatric surgery
- GERD and the sleeve – how to manage.
- Sleeve plus
- Bariatric training
- Pre and post-transplantation and bariatric surgery
- Sleep and bariatric surgery
- Behavioral, psychosocial, and environmental predictors of bariatric surgery outcomes
- Adjunctive interventions to enhance weight loss and prevent weight regain
- Transplants (liver, kidney)
- SADs
- Artificial intelligence
- Pre and post nutritional deficiencies
- Pregnancy and nutrition

## Young IFSO

**Eren Taskin**  
President of Young  
IFSO

Dear Young IFSO members,

It has been a tough year for all of us.

Many of us have to work outside of our clinics either in ICU or Covid wards. I would like to embrace you all for the efforts and self-sacrifices that you have made during these times for the whole humanity. Especially young surgeons and training surgeons were under pressure and work load these times. As young IFSO community we will be preparing a virtual winter seminar which we have planned for the January right after Christmas. It will be a very interesting concept with some key lectures also from the world class pioneers. We will bring together the seniors and will make a great discussions with the most junior surgeons to make some controversial debates.

Furthermore we made a collaboration with the online bariatric teaching platform Barialink. The 5th year anniversary of Barialink will take place in January and one best video chosen from the young IFSO members will be able to be presented in this prestigious platform. We will make the announcement soon.

We will create our Instagram account and video library in YouTube, so we can exchange more experience and techniques in this young and dynamic platform

I wish you all a merry, happy Christmas and healthy new year ahead. Please be safe and take care in the upcoming year.

Best and warmest regards,

Eren Taskin, MD

Young IFSO president on behalf of Young IFSO executive board.

OBESITY SURGERY JOURNAL

# OBESITY SURGERY

The Journal of Metabolic Surgery and Allied Care

Prof. Scott A. Shikora  
*Obesity Surgery*  
Editor in Chief

This past year, *Obesity Surgery* witnessed the greatest number of manuscripts ever submitted. In the first 11 months of 2020 **1441 manuscripts** were submitted. Adjusted for a full year, we estimate receiving **1572 manuscripts** for the year. Despite the dramatic increase in submissions, we managed to reduce the processing time for a submitted manuscript to the lowest ever. Time from submission to first decision (21 days), submission to final decision (47days) and submission to Acceptance (68 day), all lowest ever.

## HIGHLIGHTS OF THE YEAR 2020

1. Last week we had our **first virtual Editorial Board Meeting**
2. Addition of visual abstracts and key points
3. First time submissions from 3 countries
4. Introduction of an "**IFSO Best paper**" monthly competition.
5. 96% overall author satisfaction
6. 70 articles published in *Obesity Surgery* are downloaded every hour
7. Greatest number of published articles 644 in 2019 compared with 399 in 2016
8. Revamped Instruction for Authors section and upgrades to the Editorial Manager web site
9. There was a slight drop in the impact factor attributed to the increased number of published papers. At the Board meeting we discussed options to raise the impact factor and tin particular to be more critical with paper selection for publication.
10. We promoted several of our best reviewers to the Editorial Board and a few of our best editors to Associate Editors

*Prof. Scott Shikora*

*Obesity Surgery* Editor in Chief

## FACEBOOK MENTORSHIP

### MENTORSHIP ON IFSO FACEBOOK GROUP

A new mentorship programme has been added to the [IFSO Facebook Group](#) so that you can build skills and share knowledge with another member of our big community. Share your experience or learn valuable skills from someone in your group.

Here's how the programme works:

You sign up, match yourself with a partner and get helpful conversation starters each week so that you get to know each other better. It's up to you how much time you want to spend together and what goals you want to work towards.

## FACEBOOK MENTORSHIP

- **Who can request a mentor?**

Any group member can ask someone to mentor them when they see that person listed as a mentor. Group members can also offer to mentor people.

- **Who can become a mentor?**

Anyone who has experience and a skill to share can offer support in the mentorship programme. Your mentor's advice is their own opinion and not that of Facebook or your admin(s). All participation is voluntary. Your mentor's advice is not meant to substitute professional advice.

- **How much experience should mentors have?**

Mentors should have enough knowledge about the topic to give good advice to someone with less experience.

- **How do I communicate with my partner about the mentorship?**

Once you've been paired with someone, you'll be connected in Messenger and in a one-to-one mentorship programme.

[https://www.facebook.com/fbmentorship/signup/?application\\_id=361289281399793](https://www.facebook.com/fbmentorship/signup/?application_id=361289281399793)

## IFSO JOB BOARD

## IFSO JOB BOARD

Have you got a job/fellowship to offer in the field of  
Bariatric and Metabolic Surgery and Integrated Health?

We help you find a Job/Fellowship or the right person to  
do the Job!

Please send it to [info@ifso.com](mailto:info@ifso.com)

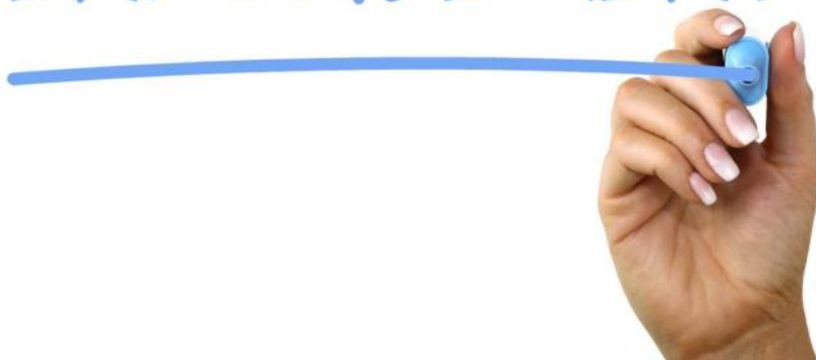

Log in on [www.ifso.com](http://www.ifso.com) and visit our IFSO JOB BOARD

**THANK YOU!**

## IFSO Endorsement

# ENDORSEMENT

Endorsement requests must be sent to IFSO Secretariat ([info@ifso.com](mailto:info@ifso.com)) together with the scientific program of the Course and the Application form.

IFSO-Communication Committee will carefully review the concepts and objectives of the course as well as the faculty, the structure and content of the course, in deciding about the endorsement.

“Endorsement” does not in any way offer credentialing of grant approval to the participant regarding future skills and outcomes.

### **Benefits:**

Endorsed events will be:

- listed on IFSO’s Website on the “Endorsed meetings” page, with a link to the congress website
- included on IFSO’s E-newsletter
- E-mailed twice to IFSO Members
- advertised once on IFSO Facebook page
- the Director may include IFSO’s Endorsement statement and IFSO Logo on promotional materials among the endorsing institutions, exclusively with the following text: “Endorsed by” before the logo of IFSO.

**For more info please visit our website on: <https://www.ifso.com/endorsement/>**

## Endorsement of Webinars

### IFSO ENDORSEMENT OF WEBINARS

Endorsement requests must be sent to [IFSO Secretariat](#) together with the scientific program of the Webinar. IFSO-Communication Committee will carefully review the concepts and objectives of the Webinar as well as the faculty, the structure and content of the Webinar, in deciding about the endorsement.

“Endorsement” does not in any way offer credentialing of grant approval to the participant regarding future skills and outcomes.

If you think your Webinar fulfils the above mentioned requirements, please send your request to [info@ifso.com](mailto:info@ifso.com) by filling the applicaton form together with a PDF file of the scientific program.

After the approval of the Communication Committee you will receive further instructions about the payment of the endorsement fee.

#### Fees

INDIVIDUALS: \$100,00

CORPORATE: \$500,00

[Download application form](#)

[More info on the IFSO website](#)

## Endorsement of Survey

### IFSO ENDORSEMENT AND DISTRIBUTION OF SURVEYS

IFSO can assist its members who would like help with the content and / or distribution of surveys to the broader membership of IFSO. This is in keeping with the mission of IFSO:

**TO UNIFY THE GLOBAL SCIENTIFIC, SURGICAL AND INTEGRATED HEALTH COMMUNITIES, FOR THE PURPOSE OF DISSEMINATION OF KNOWLEDGE, COLLABORATION AND ESTABLISHING UNIVERSAL STANDARDS OF CARE FOR THE TREATMENT OF INDIVIDUALS WITH ADIPOSITY-BASED CHRONIC DISEASE.**

IFSO can assist by reviewing the content, suggesting changes and distributing materials (e.g. background to the survey, letters of invitation, questionnaires) to its members. However, IFSO will not be responsible for the follow up of responses, response rate, nor for the collection/analysis of responses/data. The surveys and their analyses will be the sole responsibility of the issuing member.

However, IFSO has a responsibility to ensure that the purpose of the survey is relevant and that the internal validity of the methodology is sound and of a high standard. Accordingly, absolute criteria have been developed to ensure that these requirements are met.

Distributing the survey will be pending review and approval of IFSO scientific committee.

Detailed info about the application guidelines are available [here](#)
