WELCOME MESSAGE FROM THE CONGRESS PRESIDENT:

It is my proud privilege and honor to invite you to the 17th Annual Congress of The Egyptian Society for Bariatric Surgery to be held in Cairo, Egypt on the 23-24-25 November 2021.

The Egyptian Society for Bariatric Surgery (ESBS) was founded as a member Society of the International Federation for the Surgery of Obesity and Metabolic disorders (IFSO) in 1999. Bariatric surgery has enjoyed exponential growth in Egypt. The 17th Annual Congress of the ESBS comes as a landmark meeting. The meeting has an international panel of experts, world-class Middle east and Egyptian bariatric surgery experts and great original studies from Egypt to make the conference a true scientific gathering.

The ESBS 2021 conference is a comprehensive, multi-disciplinary forum where leading national and international experts will conduct a critical review. The Congress shall provide a platform to address and debate on the recent advances and challenges in the field of Metabolic and Bariatric surgery.

Egypt has a rich historic culture and hosts world famous tourists attraction sites. Join us at our conference and enjoy the rich deep culture of Egypt.

Professor Dr Khaled Gawdat

Congress President

Founder and Honorary president of the ESBS

WELCOME MESSAGE FROM ESBS PRESIDENT AND CONGRESS SECRETARY GENERAL :

Dear colleagues,

It is my pleasure to join the entire ESBS executive council along with the president of ESBS Prof. Dr. Alaa Abbass AND Secretary General of ESBS Prof. Dr. Mohey Elbanna in welcoming you to our 17th Annual congress in Cairo.

This year program is committed to provide tools for bariatric professionals, whether established surgeons or those new to the field, to improve the quality of their practices. This year program contains two preconference courses to be held on 23-24-25 November 2021. The scientific sessions will cover two and half days with a full track dedicated to integrated health professionals, abstract sessions and video sessions. A live surgery course.

I look forward to seeing each of you here as we host our 17th Annual Congress

Prof. Dr. Mohey ElBanna
Conference Secretary General

Prof. Dr. Essam Abdel Gilil
ESBS President

COMMITTEES

Advanced staple line security, even in challenging conditions^{1*}

There's a lot riding on your staple line. **The ECHELON™ + Stapler with GST Reloads** advances staple line security to deliver fewer leakage pathways at the staple line, even in challenging conditions.^{1*}

Comparative claims compare Ethicon ECHELON™+ Stapler to competitive powered stapling system. Based on benchtop testing

*Advancing staple line security with fewer leakage pathways and less malformed staples. Fewer leakage pathways: benchtop testing in porcine tissue ≤ 30 mmHg (26mmHg average pressure experienced during typical leak test), comparing Ethicon ECHELON™+ Stapler PSEE60A with GST Reloads GST60B to competitive powered stapling system. Cumulative number of leaked tests (0/30), (7/30) & (9/30) respectively, $n=30$, $p < 0.05$. Fewer malformed staples: benchtop testing in 3.3mm and 4.0mm porcine tissue comparing malformed staples between ECHELON™+ Stapler with GST Reloads (GST60B/GST60T) to competitive powered stapling system. Percentage malformed results: 14% vs 4.28%, $p < 0.05$
