Graced with effortless beauty and sophistication, The Biltmore Hotel is a National Historic Landmark located in the exclusive Coral Gables area, with close proximity to Miami Beach and Downtown Miami. The 273-room resort includes 133 suites and features spectacular Mediterranean architecture with classic Italian, Moorish, and Spanish influences spread over 150 acres of tropical landscape. A favorite of world leaders and celebrities since its opening in 1926, the hotel offers a restored Donald Ross 18-hole, 71-par championship golf course; tennis courts; the largest hotel pool on the East Coast of the United States with private cabanas; a European spa and a renowned fitness center.

The hotel's dining destinations include the award winning Palme d'Or, one of the only AAA five Diamond restaurants in Florida; Fontana, a traditional Italian restaurant surrounding The Biltmore courtyard and fountain; the poolside Cascade and The19th Hole golf centric restaurant. The hotel also boasts a Culinary Academy offering an array of hands-on cooking classes for adults and children. The Biltmore is one of South Florida's preferred sites for leisure and business travel, high-level corporate briefings and public policy conferences, and is an extraordinary wedding destination. The Biltmore is a member of the Leading Hotels of the World.

A limited block of rooms has been reserved at The Biltmore Hotel only until January 20, 2020 ET 5:00 pm and are subject to availability.

To make your reservations, contact the hotel at 305.445.1929 or toll free at 877.576.0792 and identify yourself as an attendee for the **Cleveland Clinic Surgery of the Foregut Symposium** for special rates:

- \$359 per night (plus sales tax) – plus a \$10 daily resort fee to include (subject to sales tax):
- Admission to the Biltmore Fitness Center
 - Complimentary access to Press Reader application with over 5000 downloadable domestic and international publications
 - Unlimited local calls
 - Long distance access on credit card
 - In-room high speed internet
 - Self-parking

Parking

Discount parking available at the rates below:

- Overnight valet parking \$32
- Daily valet parking \$18
- Self-parking is available in the West Lot.

Information

For further information about this activity, contact the Cleveland Clinic Center for Continuing Education.

Local: 954.659.5490

Accreditation

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 37.25 AMA PRA Category 1 Credits™. Physicians

should claim only the credit commensurate with the extent of their participation in the activity.

This activity qualifies for 37.25 self-assessment credits toward Part 2 of the American Board of Surgery (ABS) Maintenance of Certification (MOC) Program.

CME and MOC Credits are subject to change.

Participants claiming CME credit from this activity may submit the credit hours to the **American Osteopathic Association** for Category 2 credit.

The **Florida Board of Nursing**, NCE Provider #2334 will accept at face value the number of contact hours awarded for an educational activity that has been approved for CE by a nationally accredited system of CE approval.

Faculty Disclosure

The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Americans with Disabilities Act

The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us at least two weeks prior to the activity.

Recording or reproducing of this activity in any format is prohibited.

Other Health Care Professionals

A certificate of participation will be provided to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

How to Register

Register and Pay Online at www.ccfme.org/Foregut2020

Fee includes: daily continental breakfast, refreshment break(s), lunch, program booklet, pre and post access to faculty presentations in PDF format.

CATEGORY	FEE
Physician	\$995
Non-Physician	\$595
Alumnus	\$895
Resident/Fellow*	\$795
Corporate/Industry	\$650

*Letter from program director is required to receive the discounted fee. If letter is not received two weeks prior to the activity, the full physician fee will be charged.

Preregistrations are accepted until 2:00 pm ET Wednesday, February 13, 2020. Register on site after this date.

In case of cancellation, email notification is required to process your refund. A full refund will be issued if canceled by Wednesday, January 1, 2020. After Tuesday, January 1, 2019, a \$300.00 cancellation fee will be deducted from your refund. No refunds will be issued after Monday, February 10, 2020.

For questions about registration or cancellation, email us at cmeregistration@ccf.org or call 216.448.8710.

Cleveland Clinic Center for Continuing Education reserves the right to cancel or postpone an activity at our sole discretion. In the unlikely event that this occurs, any registration fee(s) paid will be refunded. Be advised that Cleveland Clinic is not responsible for related costs including airline tickets, hotel costs, or any similar fee penalties incurred as a result of any trip cancellations or changes.

You Don't Want to Miss This Activity

The 19th Surgery of the Foregut Symposium at the Biltmore Hotel, Coral Gables, Florida. As in previous years, a "first-class" group of world renowned gastrointestinal surgeons, gastroenterologists and oncologists have been invited to share their expertise and updates on the most recent technological and therapeutic advances in this steadily evolving field. Since 1999, this 5 days course has become one of the most prestigious forums in the field of foregut surgery with attendees and faculty travelling from around the globe.

The 2020 scientific session will feature a full day and a half presenting the 7th International Conference on Fluorescent Guided Imaging Surgery, under the leadership of Dr. Fernando Dip, ISFGS President. This is one of the most fascinating and promising developments in the field of surgery Fluorescent image guided surgery is rapidly evolving and becoming a standard of care. Participants will learn how to use near infrared light combined with indocyanine green and alternative probes to better visualize critical anatomical structures. Video recordings will further help understand how to use this advanced intraoperative imaging technology. The third day will be devoted to foregut surgical management. On the fourth day, the scientific sessions will concentrate on the most recent advances, controversies and developments in the field of Bariatric and Metabolic surgery. To continue our tradition, we will feature the Robert Herrmann MD Annual Lecture that will be delivered by Kareem Abu-Elmagd, MD, on "Intestinal Failure", and the Walter E. Pories MD, Annual Lecture delivered by Alan Wittgrove, MD on the "The Evolution of Gastric Bypass" In addition, we will host a fifth day of Complex Clinical Scenarios and Video Presentations in Foregut Surgery that will be presented at the David Jagelman Conference Center at the Cleveland Clinic Florida campus in Weston.

By Attending, You Will Be Able To:

Improve Your Knowledge To:

- Analyze new surgical treatment options for intestinal failure
- Analyze the indications, technical pitfalls and outcomes of anastomotic procedures
- Demonstrate to the audience the surgical approaches to diaphragmatic and abdominal wall hernias
- Determine how to recognize hiatal hernias, review technique of recurrent hiatal hernias repair using bared sutures, and present complications of repair
- Evaluate new approaches to Foregut disorders, analyze new techniques, and present technical pitfalls of re-operative foregut surgery
- Examine the basic concept of fluorescent imaging techniques and alternative fluorescent dyes, and discuss different applications of fluorescent imaging
- Examine the current standards for technical performance of various methods of primary bariatric procedures and what are the long-term outcomes
- Explain the current epidemiological data and trends of Gastroparesis, discuss best non-surgical treatment modalities, and analyze the outcomes of most common surgical approaches
- Explain the most common re-operative approaches, technical pitfalls of re-operative surgery of the pancreas and biliary tree and discuss how to identify and manage most frequent complications
- Identify technical pitfalls when repairing recurrent ventral hernias, familiarize with alternative approaches to ventral hernia repair, and review mesh utilization when performing laparoscopic vs. open repairs

Who Should Attend?

Physicians, surgeons, fellows, residents, nurses, and allied health professionals in the fields of fluorescence guided surgery, esophagus and diaphragm surgery, surgical endoscopy, general surgery, hepato-pancreatic and biliary surgery, as well as laparoscopic and bariatric surgery.

Sessions (go to ccfcme.org/Foregut2020 for full agenda)

NEW Fluorescence Guided Surgery. How to do it. – Saturday, February 15, 2020 and Sunday, February 16, 2020

- **New** Fluorescent Guided Surgical Techniques
- Clinical Applications
 - Cardiovascular Thoracic
 - Lymphedema and Distal Perfusion
 - Colorectal Surgery
 - Head and Neck: Thyroid – Parathyroid - Nerves
 - Liver and Biliary Tree
 - Oncology Tumor Identification and Esterification
 - Near-Future Techniques - Probes

Surgery of the Foregut – Monday, February 17, 2020

- Surgery of the Small Intestine
 - Small Bowel Ischemia – Acute and Chronic Disease
 - Superior Mesenteric Artery and Arcuate Ligament Syndrome
 - Small Bowel Neoplasms. Diagnosis and Treatment Updates
- Liver, Pancreas and Biliary Tree
 - Surgical Strategy for Peri-Hilar Cholangiocarcinoma
 - Technical Tips for Liver Resection of HCC with Vascular Invasion
 - ERCP for Complex Disease of the Ampulla and Biliary Tract - An Update
- Abdominal Wall and Diaphragm - Video Forum
 - Diaphragmatic Paralysis - Technique and Outcomes
 - Laparoscopic Management of Type 4 Paraesophageal Hernias

New Frontiers in Bariatric and Metabolic Surgery – Tuesday, February 18, 2020

- The Global Metabolic Impact of Bariatric Interventions
- Strategies for Weight Regain after Gastric Bypass and Sleeve Gastrectomy
- Obesity / GERD and Bariatric Surgery
- Selected Topics in Bariatric Surgery
 - Update on MBSAQIP
 - Bariatric Interventions and Cholelithiasis - Did Anything Change?
 - Highgrade Dysphagia after LSG. And Now What?
 - Management of GE Junction leaks after SG
 - Reversal of GBP for Metabolic Derangements – The Sarr Procedure
 - Management Strategies for Weight Regain

Complex Clinical Scenarios in Foregut and Bariatric Surgery – Wednesday, February 20, 2020

- Extended Video and Case Presentations
- Laparoscopic Repair of Recurrent Ventral Hernia
- Redo Heller-Dor Esophagomyotomy for Recurrent Achalasia
- Proximal Gastrectomy for Recurrent Hiatal Hernia Repair with Mesh Erosion
- Fluorescent Guided Right Hepatectomy for Metastatic Colorectal Cancer
- Technical Pearls in Sleeve Gastrectomy

Agenda and Sessions are subject to change
