NAPLES, ITALY

AUGUST 30- SEPTEMBER 2, 2023

Prof. Luigi Angrisani

Naples

is the third most-populated city in Italy and the biggest city in Southern Italy.

Its name comes from the Greek Neapolis meaning new city. Its close proximity to many interesting sites, such as Pompeii and the Bay of Naples, makes it a good base for exploring the area. Naples is a lively and vibrant city, full of wonderful historical and artistic treasures and narrow, winding streets with small shops, making it worth at least a few days visit.
