Dear Colleague,

Welcome to the 12th International Obesity Surgery Expert Meeting to be held in Salzburg, Austria from 9th to 11th March 2014.

In line with the tradition of the Expert Meeting we will continue to focus on the newly growing discipline of metabolic surgery, endoluminal and mini invasive approaches as well as the concept of team management. We will develop a scientific program of the highest level covering global perspectives of this ever-evolving discipline that attends to our modern world epidemic that Obesity and Metabolic Disorders have come to represent.

Leading experts will build the framework of this conference. By learning from our experience, we will place major emphasis on the availability of sufficient discussion times during scientific sessions.

We are looking forward very much to welcome you in Salzburg, Austria.

Karl Miller
Symposium Director

Venue
The Meeting will take place in the Wyndham Grand Salzburg Conference Centre.
Fanny-von-Lehnert-Straße 7
5020 Salzburg

Aus dem Bauch heraus
die richtige Entscheidung.

Sunday, March 9th

2:00 – Nutrition in Adolescent Bariatric Surgery Care I
3:30 PM Young Science – Austrian Dieticians Presenting Current Research
   Presentations in English and German – all slides in English
   Chair: Lötsch B (Austria), Jacques J (USA)
   „Behaviour of Protein Supplementation Following Bariatric Interventions“
   „Eiweißsupplementierungsverhalten nach bariatrischen Interventionen“
   Kimeswenger Julia, Austria
   “Survey on Knowledge Increase of Bariatric Patients Regarding Postoperative Diet after Preoperative Nutrition Counselling by a Dietician”
   “Erhebung des Wissenszuwachses bei PatientInnen bezüglich postoperativer Ernährung nach bariatrischen Eingriffen im präoperativen Stadium nach diätologischer Intervention”
   Schirin Fazely, Austria
   „Women’s Dietary Habits and Food Choices 1.5 to 2.5 Years after Gastric Bypass Surgery“
   Kopeinig Isabella, Austria
   „Preoperative eating behavior as predictor for insufficient weight loss and complications after roux-en-y gastric bypass“
   “Der Einfluss des Ernährungsverhaltens morbid adipöser Personen auf das Gewicht und Komplikationen nach einer Roux-en-Y Magenbypass-Operation”
   Eva Kugel, Austria
   P.O.S.E Incision Free Weight Loss Surgery – Clinical Trial Introduction from Hallein
   Marcus Radauer, Austria

4:00 PM Symposium on Nutrition and Multidisciplinary Care II
   Nuts and Bolts
   Considerations for Successful Pre-operative Weight Loss
   Jaqueline Jacques, USA
   Oral Glucose Tolerance Test after Bariatric Surgery – Nonsense or Important Means of Diagnosis?
   Johanna Brix, Austria
   Dangers and Limits of Vitamin Substitution During Pregnancy after Bariatric Surgery
   Birgit Lötsch, Austria
   Understanding Vitamin D in Obesity and After Bariatric Surgery
   Jaqueline Jacques, USA
   Optimal Internal Aftercare – Interpretation of Necessary Lab Parameters
   Johanna Brix, Austria

5:30 PM Panel Discussion

6:00 PM Welcome Reception and Scientific Dinner
„Ein Mann, der recht zu wirken denkt, muss auf das beste Werkzeug halten.“

über 30 Jahre Erfahrung am österreichischen Markt
innovatives Sortiment
engagiertes, kompetentes Team

Monday, March 10th

8:00 AM Opening and Active Auditorium Voting: 12th International Expert Meeting
Miller K, Chairman Organizing Committee
Plenary Session: Metabolic Disorders - High Risk Patient?
Chair: Angrisani L (Italy), Beckerhinn P (Austria)

8:10 AM An Original Way of Planning Meetings: Report from the First International Decision Making in Bariatric and Metabolic Surgery
Anselmino M (Italy)

8:30 AM Surgery and Anesthesia in Morbid Obesity: Crossroads of a Potential Disaster
Ashish C Sinha (USA)

8:50 AM Hypoglycemia after Y-GBP – Prager G (Austria)

9:05 AM Bariatric Surgery for Diabetes Prevention and Treatment – Carlsson L (Sweden)

9:20 AM Surgery of Type 2 Diabetes in the low BMI Patients – Angrisani L (Italy)

9:40 AM What’s new in the Interdisciplinary European Guidelines on Metabolic and Bariatric – Fried M (Czech Republic)

10:00 AM Break - Coffee - Tea - Fruits

10:30 AM Plenary Session
Gut - Brain and Metabolism
Chair: Scopinaro N (Italy), Miras A (UK)

10:30 AM Key Note Lecture:
Gut and the Brain Feeling - the Physiology of Behaviour?
Miras A (UK)

10:50 AM Weight Independent Effect of Gastric Bypass on Type 2 Diabetes and Liver NAFLD
Pattou F (France)

11:05 AM Metabolic Surgery in Adolescents
Key Note Lecture:
Outcome of RYGB in Adolescent Patients and Importance of a Multidisciplinary Approach – Himpens J (Belgium)

11:25 AM Surgery of Type 2 diabetes in the low BMI patients - A Word of Caution
Scopinaro N (Italy)

11:45 AM Routine 3 Trocar Technique vs. SILS – Noel P (France)

12:00 AM Lunch Symposium supported by Covidien
Expert Chair: Ahmed A (UK), Smulders F (Netherlands), Topart A (France)
Fast Track Bariatric and Metabolic Surgery – Smulders F (Netherlands)
Gastric Bypass in an Ambulatory Care Setting – Topart A (France)
Enhanced Rehabilitation after Bariatric Surgery – Ahmed A (UK)

1:00 – 2:00 Lunch
INTRODUCING A NEW
minimally-invasive and reversible
APPROACH TO TREATING OBESITY

Monday, March 10th

1:00 PM  Informal IFSO-EC Board Meeting (Invited Parallel Meeting)
Wyndham Grand Meeting Room (Invitation)

2:00 PM  Plenary Session Gastric Bypass Messages
Chair: Chevallier JM (France), Beckerhinn P (Austria)
Active Auditorium Voting

2:00 PM  Nutrition in Adolescent Bariatric Surgery – Jacques J (USA)

2:15 PM  Matters Limb Length in Gastric Bypass Surgery? Results of a Randomized Trial
Berends F (Netherlands)

2:25 PM  One Thousand Omega Loop Bypasses : Results and Complications over 8 Years
Chevallier JM (France)

2:35 PM  Decision Making in Adolescents – Todkar J (India)

2:50 PM  Long-Term Results of Laparoscopic Gastric Bypass for Morbid Obesity
Suter M (Switzerland)

3:05 PM  Banded Gastric Bypass 5 years of Follow-Up – Lemmens L (Belgium)

3:20 PM  Gastric Bypass with Long Biliopancreatic Limb (150 cm) in Type 2 Diabetics
Maleckas A (Lithuania)

3:30 PM  Break - Coffee - Tea - Fruits

4:00 PM  Afternoon Plenary Session:
Key Messages: Revisions & Challenges
Chair: Nimeri A (Abu Dhabi), Greve JW (Netherlands)

4:00 PM  Active Auditorium Voting

4:05 PM  Revision of LAGB to RYGB or Gastric Sleeve? Tips and Tricks
Nimeri A (Abu Dhabi)

4:20 PM  Revision of a Failed Adjustable Gastric Band: Reposition, Conversion or Adjustable Banded Gastric Bypass – Greve JW (Netherlands)

4:35 PM  Indication, Technique and Experience with Stenting in Gastric Sleeve Leaks (long or super long stents) – Sucher R (Austria), Denecke C (Austria)

4:50 PM  SADI as a Rescue Procedure – Torres Garcia A (Spain)

5:05 PM  BPD as Revisional Metabolic Procedure
100 T2DM Patients Followed for Three Years – Dolezalova K (Czech Republic)

5:20 PM  Surgical Protocol of Prevention and Treatment of Leaks in Sleeve Gastrectomy
Copaescu C (Romania)

5:35 PM  Intraoperative Challenges and Rescue Procedures in Bariatric Surgery
Bukhari W (Saudi Arabia)

5:55 PM  Laparoscopic Adjustable Gastric Banding as a Revision Operation after Failed Gastric Bypass and Sleeve Gastrectomy a Historical Cohort Study
Avinoach E (Israel)

6:10 PM  Active Auditorium Voting of the Day

7:30 PM  Faculty Dinner
Reinforce with confidence

GORE® SEAMGUARD® Bioabsorbable Staple Line Reinforcement consists of a unique, patented synthetic tissue scaffold that provides consistent, predictable performance. The product is engineered to reduce the incidence of perioperative leaks and bleeding in a variety of open and minimally invasive surgeries. Then, after six to seven months, GORE® SEAMGUARD® Bioabsorbable Staple Line Reinforcement is completely absorbed, eliminating the risk of a prolonged inflammatory response.

- Most Published Clinical Literature
- 100% Bioabsorbable
- Uniform, Thin Material
- No Migrations or Erosions Reported
- Synthetic, No Risk of Animal Source Contamination

Tuesday, March 11th

8:00 AM Plenary Session I: Minimal and Mini Invasive and Emerging Procedures
	Chair: Dargent J (France), Mittermair R (Austria)

8:00 AM Active Auditorium Voting

8:05 AM Future Aspects and Emerging Technologies in Metabolic Surgery
	Dargent J (France)

8:25 AM Does Adjustable Gastric Banding Work for Diabetes on the Long Term?
	10 Years Follow-Up – Lantsberg L (Israel)

8:40 AM New Endoscopic Modalities in Obesity and Metabolic Treatment
	Machytka E (Czech Republic)

8:55 AM Aspire – Feasibility Study – Sullivan S (USA)

9:10 AM POSE - Clinical Experience within the Multicenter Trial – Turró R (Spain)

9:25 AM Duodenal-Jejunal Bypass Liner (Endobarrier device) Experience in a Routine Setup over 150 cases – Berends F (Netherlands)

9:40 AM Stents - Mini Invasive Rescue Procedures? – Banmer T (Austria)

10:00 AM Panel Discussion - Statements from the Expert Panel and from a Patient
	Active Auditorium Voting

10:20 AM Break - Coffee - Tea

10:45 AM Plenary Session II:
	SILS - Panel Discussion Indication-Contraindication-Conversion-Complications
	Chair: Chowbey P (India), Üstün M (Turkey)

10:45 AM SILS and Y-GBP: Austrian Experience – Klaus A (Austria)

11:00 AM Early results of the Swiss Multicentre Bypass or Sleeve Study (SM-BOSS):
a Prospective Randomized Trial Comparing Laparoscopic Sleeve Gastrectomy and Roux-en-Y Gastric Bypass
	Gass M (Switzerland)

11:20 AM Special Guest Lecture
	Mechanism of Mishaps and Risk Reduction Strategies in Bariatric Surgery
	Chowbey P (India)

11:50 AM Active Auditorium Voting

12:00 PM Lunch Symposium supported by Gore
	Expert Chair: Ahmed (UK), Silecchia G (Italy)
	The Cost of Treating Post Operative Leaks after Sleeve Gastrectomy
	Ahmed (UK)
	Reinforced Hiatus and Staple Line in Morbid Obese Patients
	Silecchia G (Italy)

1:00 PM Lunch
Introducing the Covidien iDrive™ Ultra Powered Stapling System

The first and only reusable fully powered endostapler is here.

Compatible with Covidien’s market-leading portfolio of Tri-Staple™ technology reloads, the new iDrive™ Ultra powered handle offers one-handed, push-button operation that eliminates manual firing force and improves maneuverability. And that means greater precision, consistency and control for every procedure.
