

## **Young IFSO Surgical Dexterity Series**

### **Educational Video Competition**

**Call for submissions in 2025**

**From 01.01.2025 to 30.06.2025**

**Laparoscopic RYGB: How I do it: step by step, tips and trick**

**From 01.07.2025 to 31.12.2025**

**RYGB: surgical management of early postoperative complications**

Share your knowledge and expertise by contributing to the Young IFSO Surgical Dexterity Series! The best educational videos will be awarded a certificate, a free entry to an upcoming IFSO meeting (continental or world) and will be invited for submission as multimedia article to Obesity Surgery under the "Young IFSO Surgical Dexterity Series" brand label. Over the years, the best videos will constitute a Young IFSO Virtual Academy on surgical dexterity and will represent a top educational resource in bariatric surgery. Your input can make a significant impact on the future of bariatric surgery. Good luck!

#### **Video Submission Guidelines:**

- Submission by an IFSO member <45 years
- Length of video: 7-12 minutes
- The didactic video should abide the legal, privacy and ethical guidelines of Obesity Surgery "Instructions for authors"
- Please send your video via WeTransfer (or equivalent cloud solution) and email the link to [youngifso@gmail.com](mailto:youngifso@gmail.com). In parallel, please send a Obesity Surgery format "Title page" of your didactic video to the same email address.
- The jury will use the modified "Usefulness score" (Ref: Erdem, H., Sisik, A. The Reliability of Bariatric Surgery Videos in YouTube Platform. OBES SURG 28, 712–716 (2018). <https://doi.org/10.1007/s11695-017-2911-3>) to grade the competing videos
