Dr Henry Buchwald
1932-

An aerial photograph of the Hôpital Laval complex. The main building is a large, multi-story brick structure with many windows. To its left is a tall, thin red brick chimney. Several large parking lots filled with cars are scattered around the buildings. The surrounding area includes green lawns, trees, and other smaller buildings. In the bottom right corner, there is a white building with a red door and the letters 'PPAC' on its side.
